▲ CALIBRATIONS

If your audiometer or OAE is due for a calibration, simply send it to MacGill and we'll calibrate it to ANSI standards. Your first air conduction calibration of an audiometer purchased from MacGill is **FREE** (shipping & handling not included). Call for pricing on all other calibrations.

▼ REPAIRS

MacGill offers repair services for most equipment we sell. For a free estimate, please complete the service form and check "Yes" to call with an estimate prior to repairs. Customer would be responsible for shipping charges both ways. Contact the Service Center (630-889-2573) to inquire about replacement parts, if needed.
